**Reflections by Swaprakashatma Roopini Dasi:** "Jai Gurudev. It is with deep gratitude that I write of my experience of the Puja which were conducted at the Durban Sangha. Firstly I as a simple devotee never imagined that I would be afforded the opportunity to do Abhishekam and worship the Govardhan Shila which belongs to our revered Swami Paranthapa. Just being in the presence of this Shila evoked feelings of great love within my heart. For the ordinary individual it would seem to be an ordinary stone but for me as a devotee it was a chance to worship my divine Lord and his consort Radha Rani. Tears kept rolling down my cheeks as an outpouring of my love which Gurujee speaks about. I got to experience this first hand through his grace. All I can say is how merciful is our Guru that being His devotee we get to partake in such divine experiences. Thank you.

**Reflections by Rishika:** "Jai Gurudev. In 2006 I was invited by a devotee of Paramahansa Vishwananda to attend His Darshan. My daughter who was 5 months old then was blessed to have been carried by Gurudev. On the 3rd of July 2022 I attended a Puja with my sister in law and 2 daughters at the home of Abhayaprada Dasi. I wasn't sure what to expect. As we entered we were received with such warmth and love. I normally cannot sit for long hours. I was afraid I won't manage. As the prayer started. I have never experienced such a powerful prayer. Puja was not rushed. It was so elaborate and done with perfection. I never experienced back pain. We feel so so blessed to have been in the divine presence of Swami Vishwaparantapananda. While sitting at the prayer I wished that my husband could be with us to experience this bliss. The very same night my daughter dreamt that Swamiji blessed and prayed for my husband. How amazing is that. Couple days later my eldest daughter dreamt of Gurudev. He blessed her and gave her advice. Ever since I attended Puja. I became vegetarian with ease. I feel more positive. It was such an amazing experience. We definitely felt the presence of the Lord. Thank you Abhayaprada Dasi and family for your gracious hospitality. I'm looking forward to another Puja like this."

**Reflections by Navisha Raghoonandan:** "Sunday afternoon of 3rd July 2022 was a typical chilly winters afternoon, nevertheless I was warmly greeted and welcomed by Abhayaprada Dasi, her family and devotees at her residence. It was my first time attending a puja by Bhakti Marga; therefore, I was clueless of what to expect or of any requirements (if any). As a result a tad bit of anxiety was being experienced. As my sight fell upon the breathtaking alter/puja and Yajna setup, an instant sense of relief was felt. Almost as if, I was exactly where Lord Krishna intended me to be. I felt at home. As the puja began and the afternoon progressed into the evening, the atmosphere was speedily filled with the sweet fragrances of incense, perfume, fresh flower offerings, followed by an exhilarating vibration fueled by Swami's chants of sacred mantras and devotees singing the glories of the Lord, all of which were very familiar to me. Deep down a sense of connection was fostered. To a certain degree, it felt as if Lord Krishna Himself was present and pleased. As the evening culminated, I felt an urge to offer my gratitude to Lord Krishna for using His devotees (Abhayaprada Dasi and her beautiful family for their hospitality; Avyukta and his lovely Mum, Chakradharani Dasi for their encouragement), as His instruments in advising me to attend the puja. A sense of fulfillment filled my heart as my prasad was accepted and used in the offerings made and for affording me the opportunity of partaking of the Yajna and Aarti. It was indeed an unforgettably powerful evening, that I wished didn't end, leaving within me a great sense of peace, gratitude and fulfilment. I believe, nothing happens by chance. Everything happens by the Grace of Lord Krishna. May the blessings of Lord Krishna, Lord Vishwaksena and Beloved Gurujee always be upon you all. Jai Guru Dev."
